

ARTP / BTS Spirometry Certificate Re-accreditation

Dear Colleague

To renew your certificate of competency you are required to submit a portfolio (within 3 months), details of which are enclosed. There is no practical component required for the reassessment. Please also find enclosed the submission form to apply for you portfolio.

All candidates have the option of attending a refresher course, which are available at one of the ARTP Spirometry centres. These can be arranged with the centre directly and contact details and courses can be found on our website www.artp.org.uk.

If you have any queries regarding the submission of your application please do not hesitate to contact me on 0845 226 3062 or at admin@artp.org.uk

Please note that the names of all ARTP spirometry certificate holders are now published on the ARTP website with the date of achievement. You are required to obtain re-accreditation to remain on this competent practitioner register. Any practitioner who is overdue will have 12 months to obtain re-accreditation in order to remain on the register.

I look forward to receiving your application.

Yours sincerely,

Alison Jones
